**Subject:** Re: Fw: revised plan of action

Jon and Ron- The messages look fine and the situation is still the same with not knowing the locations of the organics data of concern, The data received from DEP is soil and surface water, not drinking water wells, however it did find some of the same organics constituents in the soil around the drilling pads.

## Ex. 5 - Deliberative

Deliberative

If you need me for anything I'm here today and available by phone tomorrow, and in the rest of the week

Karen D. Johnson, Chief  
Ground Water & Enforcement Branch
